## Hourly work scope

- 1. Jobs platform, résumés and applicant workflows** - OpenClassify development, résumé upload and privacy controls, employer résumé access, testing and launch preparation.
- 2. Jobs-site infrastructure and reliability** - Repaired the jobs test-site outage, restored services, corrected Docker restart settings, deployment support.
- 3. Employer integration planning** - Reusable ADP job-feed integration planning with St. John's Community Health as the first case; requirements and planning only, not a live integration.
- 4. WordPress-to-Ghost migration preparation** - Test database restore, content and media inventory, 30-article rehearsal, URL/canonical analysis, hosting and payment-transition planning; not a completed migration.
- 5. Audience development and launch materials** - Newsletter / Digital Paper signup modal specification, copy and interactive demo; Taste of Soul jobs campaign (résumé-first flyers, 24×36 sign, 4×6 handbill, QR codes and verification).
- 6. Project coordination and grant delivery** - Propel meeting preparation, stakeholder coordination, implementation planning, RTP tracker maintenance.

# Ghost redesign design work
